Joyce,

Do you have plans for March 23, 2017?

If not, join us in Fort Lauderdale, Florida for a day of risk adjustment.

Agenda:

- Review the different risk adjustment models and their impact on medical practice management.
- Discuss the impact of shifting from RAPS to EDS. What does this mean for office based claims.
- Take a deep dive into HCC Coding and Documentation. Review real examples to see what validates, what doesn't, and why. Tips for engaging physicians.
- Learn how to leverage frontline staff to be successful in the world of risk adjustment and value based payments.

Who Should Attend:

- Medical Coders and Billers
- Providers, Managers and Frontline Staff
- CDI Specialists
- Executive Leaders
- ACO, MSO and IPA Teams

Each Attendee will Receive:

- Clinical Documentation and Coding Guide \$ 99 Value
- HCC Quick Coder (Mappings to ICD-10 Codes) for MA and Commercial Models
- Risk Adjustment Workbook and Appendix with Easy to Use Templates
- Laminated Coding and Documentation Tools
